PROXY STATEMENT
FOR THE ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON APRIL 29, 2005

General

The enclosed proxy is solicited on behalf of the Board of Directors of Active Power, Inc., a Delaware corporation, for use at the Annual Meeting of Stockholders to be held on April 29, 2005. The Annual Meeting will be held at 5:00 p.m. Central Time at our principal executive offices, located at 2128 W. Braker Lane, Austin, Texas 78758, Braker 12. These proxy solicitation materials were mailed on or about March 18, 2005, to all stockholders entitled to vote at our Annual Meeting.

Voting

The specific proposals to be considered and acted upon at our Annual Meeting are summarized in the accompanying notice and are described in more detail in this proxy statement. On March 4, 2005, the record date for determination of stockholders entitled to notice of and to vote at the Annual Meeting, there were 48,562,749 shares of our common stock outstanding and no shares of our preferred stock were outstanding. Each stockholder is entitled to one vote for each share of common stock held by such stockholder on March 4, 2005. The presence, in person or by proxy, of holders of a majority of our shares entitled to vote is necessary to constitute a quorum at this Annual Meeting. Stockholders may not cumulate votes in the election of directors. The vote of a plurality of the shares of our common stock present in person or represented by proxy at this meeting and entitled to vote on the election of directors is necessary for the election of a director. The nominees receiving the greatest number of votes at this meeting will be elected to our Board of Directors, even if they receive less than a majority of such shares.

All votes will be tabulated by the inspector of election appointed for the Annual Meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes (i.e., a proxy submitted by a broker or nominee specifically indicating lack of discretionary authority to vote on the matter). Abstentions and broker non-votes are counted for purposes of determining the presence or absence of a quorum for the transaction of business.

Proxies

If the enclosed form of proxy is properly signed and returned or if you properly follow the instructions for telephone or Internet voting, the shares represented thereby will be voted at the Annual Meeting in accordance with the instructions specified thereon. If you sign and return your proxy without specifying how the shares represented thereby are to be voted, the proxy will be voted FOR the election of the directors proposed by our Board of Directors unless the authority to vote for the election of such directors are withheld and, if no contrary instructions are given, the proxy will be voted FOR the approval of Proposal Two described in this Notice of Annual Meeting and proxy statement. You may revoke or change your Proxy at any time before the Annual Meeting by filing with our Corporate Secretary at our principal executive offices at 2128 W. Braker Lane, Austin, Texas 78758, Braker 12, a notice of revocation or another signed proxy with a later date. You may also revoke your proxy by attending the Annual Meeting and voting in person.

Solicitation

We will bear the entire cost of solicitation, including the preparation, assembly, printing and mailing of this proxy statement, the proxy and any additional solicitation materials furnished to the stockholders. Copies of solicitation materials will be furnished to brokerage houses, fiduciaries and custodians holding shares in their names that are beneficially owned by others so that they may forward this solicitation material to such beneficial owners. In addition, we may reimburse such persons for their costs in forwarding the solicitation materials to such beneficial owners. The original solicitation of Proxies by mail may be supplemented by a solicitation by telephone, telegram or other means by our directors, officers or employees. No additional compensation will be paid to these individuals for any such services. Except as described above, we do not presently intend to solicit Proxies other than by mail.

Deadline for Receipt of Stockholder Proposals

Pursuant to Rule 14a-8 under the Securities Exchange Act of 1934, stockholder proposals to be presented at our 2006 Annual Meeting of Stockholders and in our proxy statement and form of proxy relating to that meeting, must be received by us at our principal executive offices in Austin, Texas, addressed to our Corporate Secretary, not later than November 15, 2005, the date which is 120 days prior to March 15, 2006. With respect to any stockholder proposal not submitted pursuant to Rule 14a-8 and unless notice is received by us in the manner specified in the previous sentence, the proxy holders shall have discretionary authority to vote against any proposal presented at our 2006 Annual Meeting of Stockholders. These proposals must comply with applicable Delaware law, the rules and regulations promulgated by the Securities and Exchange Commission and the procedures set forth in our Bylaws.

**MATTERS TO BE CONSIDERED AT ANNUAL MEETING

Unless otherwise instructed, the proxy holders will vote the Proxies received by them FOR the nominees named below.

Board Committees and Meetings

In 2004, our Board of Directors held eleven meetings. The Board of Directors has an Audit Committee, a Compensation Committee, a Nominating and Corporate Governance Committee (established in March 2005), a Special Litigation Committee and a Special Stock Option Committee. The Board of Directors has adopted written charters for the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee, each of which is posted on our Internet website under the “Company” page. In addition, a copy of the charter for the Audit Committee is attached hereto as *Appendix A* and a copy of the charter for the Nominating and Corporate Governance Committee is attached hereto as *Appendix B*. Each director attended or participated in 75% or more of the aggregate of (i) the total number of meetings of the Board of Directors and (ii) the total number of meetings held by all committees of the Board of Directors on which such director served during 2004.

Audit Committee. The Audit Committee is responsible for the selection, retention and oversight of our independent auditors. In addition, the Audit Committee reports to the Board of Directors with regard to:

- the scope of our annual audits;
- fees to be paid to the auditors;
- the performance of our independent auditors;

- compliance with our accounting and financial policies; and
- management's procedures and policies relative to the adequacy of our internal accounting controls.

The Audit Committee is further responsible to pre-approve all audit and non-audit services performed by our independent auditors. The members of the Audit Committee throughout 2004 and as of December 31, 2004 were Messrs. Bond, Anderson and Rock. Mr. Bond serves as the Chairman of the Audit Committee. The Audit Committee held nine meetings during fiscal 2004. The board has determined that all members of the Audit Committee are "independent" as that term is defined in Rule 4200(a)(15) of the Marketplace Rules of The NASDAQ Stock Market, Inc. The Board of Directors has determined that Mr. Bond is qualified as an "audit committee financial expert" under Item 401(h) of Regulation S-K.

Compensation Committee. The Compensation Committee reviews and makes recommendations to the Board of Directors regarding our compensation policies and all forms of compensation to be provided to our directors, executive officers and certain other key employees. We also have a Special Stock Option Committee that manages the granting of stock options to new and existing employees. The Compensation Committee reviews bonus arrangements for all of our executive officers and assists the Special Stock Option Committee with the stock compensation for our new and existing employees. The Compensation Committee also administers our stock option and stock purchase plans. The members of the Compensation Committee during 2004 were Messrs. Scott and Rock. Mr. Rock serves as the Chairman of the Compensation Committee. The Compensation Committee held one meeting during 2004. The Board of Directors has determined that all members of the Compensation Committee are "independent" as that term is defined in Rule 4200(a)(15) of the Marketplace Rules of The NASDAQ Stock Market, Inc.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee was established in March 2005 to assist our Board of Directors in fulfilling its responsibilities for identifying qualified individuals to become members of the Board of Directors; determining the composition of the Board of Directors and its committees; monitoring the effectiveness of the Board of Directors and facilitating the measurement of the effectiveness of its committees; and developing, monitoring and evaluating sound corporate governance policies and procedures promoting honest and ethical conduct, including policies pertaining to the identification and treatment of conflicts of interest. The current members of the Nominating and Corporate Governance Committee are Messrs. Anderson, Bond and Scott, with Mr. Scott serving as its Chairman. The Board of Directors has determined that each member is an "independent director" as defined in Rule 4200(a)(15) of the Marketplace Rules of The NASDAQ Stock Market.

Special Litigation Committee. The Special Litigation Committee is a committee of our Board of Directors composed of Messrs. Bond and Scott that is responsible for keeping abreast of the company's pending litigation, particularly with respect to the *Magnex* litigation that we have settled and the *Greenwich* litigation which is ongoing. The Special Litigation Committee meets with our General Counsel and outside law firms and legal advisors and is involved in assisting with strategic decisions regarding legal matters. During 2004, the special litigation committee held five meetings and acted by written consent one time. The Board of Directors may reassess the need to maintain this committee following the resolution of the *Greenwich* litigation.

Special Stock Option Committee. The Special Stock Option Committee is a subcommittee of our Compensation Committee composed of Mr. Pinkerton that approves grants of stock options from our 2000 Stock Incentive Plan to non-executive officers and employees. During 2004, the Special Stock Option Committee acted by written consent six times.

Independent Director Meetings

In January 2003, the independent members of our Board of Directors resolved to meet separately from the full Board of Directors and outside the presence of our management. The independent directors met 11 times during 2004. Jan Lindelow served as the lead independent director during 2004. Benjamin Scott has been appointed to serve as the lead independent director in 2005 and shall serve in such position until he resigns from such position or until a replacement is elected or appointed. The independent members of our Board of Directors meet in conjunction with each regularly scheduled meeting of our Board of Directors and other sessions may be called by our "lead independent director" in his own discretion or at the request of the other independent directors.

Director Nominations

In 2004, our full Board of Directors discussed potential candidates for our Board of Directors and the director nominees were selected by a majority of the independent directors meeting in executive session. All of the nominees recommended for election to the board at this Annual Meeting are directors standing for re-election.

In March 2005, our Board of Directors created a Nominating and Corporate Governance Committee. This committee is responsible for, among other things, identifying potential director candidates. In evaluating potential director candidates, the Nominating and Corporate Governance Committee considers the appropriate balance of experience, skills and characteristics required of our Board of Directors and seeks to ensure that at least a majority of the directors are independent under the applicable Marketplace Rules of The NASDAQ Stock Market. The Nominating and Corporate Governance Committee selects director nominees based on their personal and professional integrity, depth and breadth of experience, ability to make independent analytical inquiries, understanding of our business, willingness to devote adequate attention and time to duties of our Board and such other criteria as is deemed relevant by the Nominating and Corporate Governance Committee. When considering potential director candidates, the Board of Directors also considers the candidate's character, judgment, diversity, age, skills, including financial literacy, and experience in the context of the needs of Active Power and the Board of Directors.

In identifying potential director candidates, the Nominating and Corporate Governance Committee relies on any source available for the identification and recommendation of candidates, including current directors and officers. In addition, the Nominating and Corporate Governance Committee may engage a third party search firm to identify and recommend potential candidates. Finally, the Nominating and Corporate Governance Committee will consider candidates recommended by stockholders. In 2004, we paid \$115,000 to a third party to assist us in identifying or evaluating potential nominees for our Board of Directors.

Any stockholder wishing to recommend a director candidate for consideration by the Nominating and Corporate Governance Committee must provide written notice not later than November 15, 2005 to the Corporate Secretary at our principal executive offices located at 2128 W. Braker Lane, Braker 12, Austin, Texas 78758. Any such notice should clearly indicate that it is a recommendation of a director candidate by a stockholder and must set forth (i) the name, age, business address and residence address of the recommended candidate; (ii) the principal occupation or employment of such recommended candidate; (iii) the class and number of shares of our stock that are beneficially owned by such recommended candidate; (iv) a description of all understandings or arrangements between the stockholder and the recommended candidate and any other person or persons pursuant to which the recommendations are to be made by the stockholder and (v) any other information relating to such recommended candidate that is required to be disclosed in solicitations of proxies for the election of directors. In addition, such notice must contain (i) a representation that the stockholder is a holder of record of our common stock entitled to vote at such meeting; (ii) the name and address, as they appear on our books, of the stockholder proposing such nomination; (iii) the class and number of shares of our common stock that are beneficially owned by such stockholder; (iv) any material interest of the stockholder in such recommendation and (v) any other information that is required to be provided by the stockholder pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended, in such stockholder's capacity as proponent of a stockholder proposal. Assuming that a stockholder recommendation contains the information required above, the Nominating and Corporate Governance Committee will evaluate a candidate recommended by a stockholder by following substantially the same process, and applying substantially the same criteria, as for candidates identified through other sources.

Stockholder Communications with the Board of Directors

The Board of Directors maintains a process for stockholders to communicate with the Board of Directors or with individual directors. Stockholders who wish to communicate with the Board of Directors or with individual directors should direct written correspondence to our Corporate Secretary at our principal executive offices located at 2128 W. Braker Lane, Braker 12, Austin, Texas 78758. Any such communication must contain (i) a representation that the stockholder is a holder of record of stock of the corporation, (ii) the name and address, as they appear on the corporation's books, of the stockholder sending such communication and (iii) the class and number of shares of Active Power that are beneficially owned by such stockholder. The Corporate Secretary will forward such communications to the Board of Directors or the specified individual director to whom the communication is directed unless such communication is unduly hostile, threatening, illegal or similarly inappropriate, in which case the Corporate Secretary has the authority to discard the communication or to take appropriate legal action regarding such communication.

Code of Ethics

We have adopted a Code of Business Conduct and Ethics that applies to all officers, directors, employees and consultants. The Code of Business Conduct and Ethics is intended to comply with Item 406 of Regulation S-K of the Securities Exchange Act of 1934 and with applicable rules of The NASDAQ Stock Market, Inc. Our Code of Business Conduct and Ethics is posted on our Internet website under the "Company" page. Our Internet website address is <http://www.activepower.com>.

Director Compensation and Indemnification Arrangements

Our Board of Directors met in January 2003 and modified the Board's compensation arrangement to ensure that it was comparable with other similarly situated companies, and considered the increased time commitments required for service and the heightened scrutiny and responsibility of directors of publicly traded companies. Our Compensation Committee reviewed our current director compensation programs, but has determined that director compensation will not change for 2005. Our non-employee directors receive a fee of \$7,500 per quarter for their service as a director. Additional cash compensation in the following annual amounts will be paid to board members in 2005:

- Audit Committee participants (\$10,000);
- Audit Committee chairperson, in addition to Audit Committee participation compensation (\$10,000);
- Compensation and Nominating and Corporate Governance Committee participants (\$5,000);
- Compensation and Nominating and Corporate Governance Committee or other committee chairperson, excluding the Audit Committee, in addition to committee participation compensation (\$2,500);
- Special Litigation Committee participants (\$2,500), with potential additional compensation based on amount of pending litigation; and
- Lead Independent Director (\$10,000).

In addition to the cash compensation, non-employee directors receive option grants at periodic intervals under the automatic option grant program of our 2000 Stock Incentive Plan. Non-employee and employee directors are also eligible to receive option grants under the discretionary option grant program of the Plan. Under the automatic option grant program, each individual who first becomes a non-employee board member receives an option grant to purchase 25,000 shares of common stock on the date such individual joins the Board of Directors. The initial automatic option grant is supplemented by a discretionary option grant to purchase 5,000 shares of common stock on the date such person joins the Board of Directors. In addition, on the date of each annual stockholders meeting, each non-employee director who continues to serve as a non-employee director is automatically granted an option to purchase 7,500 shares of common stock, provided such individual has served on the Board of Directors for at least six months. This annual automatic grant shall be supplemented by a discretionary option grant to purchase 7,500 shares of common stock on the date of such annual stockholders meeting hereafter. Under these programs, on the date of our 2004 Annual Meeting each of Messrs. Anderson, Bond, Lindelow, Rock and Scott received an option grant to purchase 15,000 shares of common stock at an exercise price of \$3.29 per share. Upon his appointment to the Board of Directors in March 2004, Mr. Almgren received an option grant to purchase 30,000 shares of common stock at an exercise price of \$3.20 per share. At the 2005 Annual Meeting, Messrs. Almgren, Anderson, Bond and Scott and, assuming their re-election, Messrs. Lindelow and Rock, will receive an option grant to purchase 15,000 shares of common stock at an exercise price equal to the closing sale price of our common stock on The NASDAQ National Market on such date.

Our certificate of incorporation limits the liability of our directors to us or our stockholders for breaches of the directors' fiduciary duties to the fullest extent permitted by Delaware law. In addition, our certificate of incorporation and bylaws provide for mandatory indemnification of directors and officers to the fullest extent permitted by Delaware law. We also maintain directors' and officers' liability insurance and enter into indemnification agreements with all of our directors and executive officers.

Attendance at Annual Meetings

We encourage, but do not require, the members of our Board of Directors to attend our annual meetings. All seven of our directors attended the Annual Meeting of Stockholders held on April 29, 2004.

Recommendation of the Board of Directors

Our Board of Directors recommends that the stockholders vote FOR the election of the director nominees listed above.

PROPOSAL TWO: RATIFICATION OF INDEPENDENT AUDITORS

The Audit Committee of our Board of Directors appointed the firm of Ernst & Young LLP, independent auditors for the fiscal year ended December 31, 2005. The Audit Committee is asking the stockholders to ratify this appointment. The affirmative vote of a majority of the shares represented and voting at the Annual Meeting is required to ratify the selection of Ernst & Young LLP. Ernst & Young LLP served in this capacity for each of our audits since becoming a publicly traded company in 2000.

In the event the stockholders fail to ratify the appointment, our Audit Committee will reconsider its selection. Even if the selection is ratified, the audit committee in its discretion may direct the appointment of a different independent auditing firm at any time during the year if the Audit Committee believes that such a change would be in the best interests of the company and our stockholders.

A representative of Ernst & Young LLP is expected to be present at the Annual Meeting, and will have the opportunity to make a statement if he or she desires to do so, and will be available to respond to appropriate questions.

The Audit Committee pre-approves all audit and non-audit services provided by our independent auditors prior to the engagement of the independent auditors with respect to such services. The Chairman of the Audit Committee has the authority to approve any additional audit services and permissible non-audit services, provided the Chairman informs the Audit Committee of such approval at its next regularly scheduled meeting. The independent registered public accounting firm and management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent registered public accounting firm in accordance with this pre-approval, and the fees for the services performed to date.

Recommendation of the Board of Directors

Our Board of Directors recommends that the stockholders vote FOR the ratification of the selection of Ernst & Young LLP to serve as our independent auditors for the fiscal year ending December 31, 2005.

OTHER MATTERS

We know of no other matters that will be presented for consideration at the Annual Meeting. If any other matters properly come before the Annual Meeting, it is the intention of the persons named in the enclosed form of proxy to vote the shares they represent as our Board of Directors may recommend. Discretionary authority with respect to such other matters is granted by the execution of the enclosed proxy.

OWNERSHIP OF SECURITIES

The following table sets forth certain information known to us with respect to the beneficial ownership of our common stock as of March 4, 2005, by:

- each person known by us to be a beneficial owner of five percent (5%) or more of our common stock;
- each current director, including each director who is a nominee for election as a director;
- each executive officer named in the summary compensation table of the Executive Compensation and Other Information section of this proxy statement; and
- all current directors and executive officers as a group.

Our common stock is the only class of voting securities outstanding. Beneficial ownership is determined in accordance with the rules of the Securities and Exchange Commission and includes voting and investment power with respect to the securities. Except as indicated in the notes following the table, and subject to applicable community property laws, the persons named in the table have sole voting and investment power with respect to all shares of common stock shown as beneficially owned by them. The percentage of beneficial ownership is based on 48,562,749 shares of common stock outstanding as of March 4, 2005. In computing the number of shares beneficially owned by a person and the percentage ownership of that person, shares of our common stock subject to options held by that person that are currently exercisable or will become exercisable within 60 days following March 4, 2005 are deemed outstanding. However, these shares are not deemed outstanding for the purpose of computing the percentage ownership of any other person or entity.

CERTAIN TRANSACTIONS

Allocation Agreement. In connection with the settlement of the *Magnex* lawsuit described in Part I, Item 3. Legal Proceedings in our Form 10-K, on or about August 16, 2004, we and Mr. Pinkerton agreed, in principle, to settlement terms pursuant to which we and Mr. Pinkerton agreed to pay an aggregate of \$6.22 million to settle the lawsuit.

The original settlement terms did not allocate the settlement amount among the remaining defendants and on August 26, 2004 Active Power, Mr. Pinkerton and Pinkerton Generator (an entity controlled by Mr. Pinkerton) entered into an Allocation Agreement pursuant to which the remaining defendants agreed upon the allocation of the settlement amount and certain other matters related to the litigation. The Allocation Agreement provided that:

- we would pay \$5.0 million of the settlement amount;
- we would reimburse Pinkerton for his actual legal fees incurred in connection with his defense of the lawsuit;
- we would indemnify Pinkerton for legal fees that we incurred in connection with the defense of the lawsuit;
- we would agree not to seek reimbursement from Mr. Pinkerton or Pinkerton Generator for legal fees that we incurred in connection with the defense of the lawsuit;
- we would agree to fully release Mr. Pinkerton and Pinkerton Generator from all liability and causes of action related to the lawsuit and the settlement thereof;
- Mr. Pinkerton would pay \$1.22 million of the settlement amount;
- Mr. Pinkerton and Pinkerton Generator would agree not to seek reimbursement from us for legal fees that they incurred in connection with the defense of the lawsuit;
- Mr. Pinkerton and Pinkerton Generator would agree to fully release us from all liability and causes of action related to the lawsuit and the settlement thereof; and
- we and Mr. Pinkerton agreed to an allocation of any recovery from the *Greenwich* litigation as described in more detail below.

Other agreements. In connection with the settlement of the *Magnex* lawsuit, we indemnified Mr. Pinkerton for his legal fees, expenses and some settlement amounts for the *Magnex* litigation, which was settled in October 2004.

Greenwich litigation. In connection with the *Greenwich* litigation described in Part I, Item 3. Legal Proceedings in our Form 10-K, we have agreed that in the event of any recovery in lawsuit we have filed against *Greenwich Insurance Company*, we will first be reimbursed for our legal expenses related to the *Greenwich* lawsuit. Any additional recovery up to \$1.22 million will next be paid to Mr. Pinkerton as reimbursement for his settlement expense in the *Magnex* lawsuit. We will retain any recovery beyond that amount. In the event we do not recover any amount in this action, we have no obligation to pay Mr. Pinkerton any amount relating to either the *Magnex* lawsuit or the *Greenwich* lawsuit.

Registration rights. According to the terms of an investors' rights agreement among us, investors who purchased shares of our preferred stock in financings prior to our initial public offering, and Joseph F. Pinkerton, III, may require us to file a registration statement under the Securities Act of 1933 with respect to the resale of shares of our common stock held by him. We are not required to effect more than two of these demand registrations. Mr. Pinkerton may require us to file an unlimited number of registration statements on Form S-3 with respect to their shares of common stock.

Additionally, Mr. Pinkerton, has piggyback registration rights with respect to future registration of our shares of common stock under the Securities Act. If we propose to register any shares of common stock under the Securities Act, Mr. Pinkerton is entitled to receive notice of such registration and is entitled to include his shares in the registration.

At any time after we become eligible to file a registration statement on Form S-3 under the Securities Act, Mr. Pinkerton may also require us to file up to six registration statements on Form S-3 with respect to his shares of common

stock, resulting in an aggregate offering of at least \$500,000 on each registration statement on Form S-3. We are not required to file more than one registration statement on Form S-3 in any one six-month period.

These registration rights are subject to conditions and limitations, including the right of the underwriters of an offering to limit the number of shares of common stock to be included in the registration. We are generally required to bear all of the expenses of all registrations under the investors' rights agreement, except underwriting discounts and commissions incurred by the selling stockholders. The investors' rights agreement also contains our commitment to indemnify the holders of registration rights for losses they incur in connection with registrations under the agreement. Registration of any of the shares of common stock held by security holders with registration rights would result in those shares becoming freely tradeable without restriction under the Securities Act. These registration rights terminate at such time as Mr. Pinkerton (i) holds less than 3% of the fully diluted shares of our common stock and (ii) is eligible to dispose of all his shares pursuant to Rule 144(k).

Termination of employment and change in control arrangements. For information regarding the employment agreements we have with Joseph F. Pinkerton, III, and David S. Gino, please see "Employment Contracts, Termination of Employment and Change in Control Agreements" below.

Real estate management services. Active Power leases some of its office space from landlords who have contractual agreements with Hill Partners. Some portions of the company's lease payments are paid to Hill Partners from the landlord. One of the company's directors, Dick Anderson, is a partner of Hill Partners.

Indemnification and insurance. Our bylaws require us to indemnify our directors and executive officers to the fullest extent permitted by Delaware law. We have entered into indemnification agreements with all of our directors and executive officers and have purchased directors' and officers' liability insurance. In addition, our certificate of incorporation limits the personal liability of our board members for breaches of their fiduciary duties.

No loans to officers or directors. The company currently has no outstanding loans to any officers or directors. Furthermore, our board of directors has resolved that the company shall not offer or provide any loans to any officer or director of the company.

AUDIT COMMITTEE REPORT

The Audit Committee reports as follows with respect to the audit of our fiscal 2004 audited financial statements:

Management is responsible for Active Power's internal controls and the financial reporting process. The independent auditors are responsible for performing an independent audit of Active Power's financial statements and internal controls in accordance with U.S. generally accepted auditing standards and to issue a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes.

In this context, the Audit Committee has met and held discussions with management and the independent auditors. Management represented to the Audit Committee that Active Power's financial statements were prepared in accordance with U.S. generally accepted accounting principles, and the Audit Committee has reviewed and discussed the financial statements with management and the independent auditors. The Audit Committee has also met and held discussions with management and the independent auditors regarding Active Power's internal controls. Management provided the Audit Committee management's assessment of the Company's internal controls, and the Audit Committee has reviewed and discussed the internal controls with management and the independent auditors. The Audit Committee discussed with the independent auditors matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees).

Active Power's independent auditors also provided to the Audit Committee the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee discussed with the independent auditors that firm's independence and considered the compatibility of non-audit services with the independent auditors' independence.

Based upon the Audit Committee's discussion with management and the independent auditors and the Audit Committee's review of the representation of management and the reports of the independent auditors to the Audit Committee, the Audit Committee recommended that the Board of Directors include the audited financial statements and assessment of internal controls in Active Power's Annual Report on Form 10-K for the year ended December 31, 2004 filed with the Securities and Exchange Commission.

OPTION/SAR GRANTS IN LAST FISCAL YEAR

The following table provides information concerning individual grants of stock options made during 2003 to each of our executive officers named in the Summary Compensation Table. We have never granted any stock appreciation rights. Unless otherwise indicated, the exercise prices represent the fair market value of the common stock on the grant date.

The amounts shown as potential realizable value represent hypothetical gains that could be achieved for the respective options if exercised at the end of the option term. These amounts represent certain assumed rates of appreciation in the value of our common stock. The 5% and 10% assumed annual rates of compounded stock price appreciation are mandated by rules of the Securities and Exchange Commission and do not represent our estimate or projection of the future price of our common stock. The potential realizable value is calculated based on the ten-year term of the option at its time of grant. It is calculated based on the assumption that our common stock appreciates at the indicated annual rate compounded annually for the entire term of the option and that the option is exercised and sold on the last day of its term for the appreciated stock price. Actual gains, if any, on stock option exercises depend on the future performance of our common stock. The amounts reflected in the table may not necessarily be achieved.

We granted these options under our 2000 Stock Incentive Plan. Each option has a maximum term of ten years, subject to earlier termination if the optionee's services are terminated. The percentage of total options granted to our employees in the last fiscal year is based on options to purchase an aggregate of 1,525,250 shares of common stock granted during 2004. The following table sets forth information concerning the individual grants of stock options to each of our named executive officers in 2004.

OPTION GRANTS IN 2004

Name	Individual Grants				Potential Realizable Value of Assumed Annual Rates of Stock Price Appreciation for Option Term	
	Number of Securities Underlying Options Granted(1)	Percent of Total Options Granted to Employees in Fiscal 2004(%)	Exercise Price Per Share(2)	Expiration Date	5%(\$)	10%(\$)
Joseph F. Pinkerton, III	127,500	8.4	\$ 3.24	02/12/2014	259,796	658,375
David S. Gino	85,000	5.6	\$ 3.24	02/12/2014	173,198	438,917
Sriram Sivaram	85,000	5.6	\$ 3.24	02/12/2014	173,198	438,917

- (1) Unless otherwise noted, 25% of the shares vest after one year of service from the date of the grant, and the remaining options vest in 12 equal quarterly installments thereafter. Each option expires on the earlier of ten years from the date of grant or within a specified period following termination of the optionee's employment with us.
- (2) The exercise price may be paid in cash or shares of our common stock valued at fair market value on the exercise date. Alternatively, the option may be exercised through a cashless exercise procedure. Outstanding options will become exercisable on an accelerated basis if we are acquired and (i) such options are not assumed and continued in full force and effect; (ii) such options are not replaced with a cash incentive plan that preserves the option spread existing at the time of the change in control; or (iii) if acceleration of the option is subject to other limitations imposed by the plan administrator in the option agreement.

Aggregated Option Exercises and Fiscal Year-End Option Values

The following table provides information about stock options exercised in 2004 and options held as of December 31, 2004 by each of our executive officers named in the Summary Compensation Table. No stock appreciation rights were exercised during 2004 and none were outstanding at December 31, 2004. Actual gains on exercise, if any, will depend on the value of our common stock on the date on which the shares are sold.

FISCAL 2004 OPTION VALUES

	Shares Acquired On Exercise (#)	Value Realized\$(1)	Number of Securities Underlying Unexercised Options At December 31, 2004(2)(3)		Value of Unexercised In-the-money Options At December 31, 2004\$(2)(3)	
			Exercisable	Unexercisable	Exercisable	Unexercisable
Joseph F. Pinkerton, III	—	—	225,031	250,469	301,672	475,222
David S. Gino	—	—	204,135	174,376	383,806	205,796
Sriram Sivaram	—	—	126,250	258,750	405,087	689,763

- (1) The value realized of shares acquired on exercise was determined by subtracting the exercise price from the fair market value of the common stock on the exercise date multiplied by the number of shares acquired on exercise.
- (2) Options granted under our 2000 Stock Incentive Plan and its predecessor plan are immediately exercisable. "Exercisable" refers to those options which were both exercisable and vested, while "Unexercisable" refers to those options which were unvested.
- (3) Value is determined by subtracting the exercise price from the fair market value of our common stock at December 31, 2004 (\$4.65 per share based upon the closing sale price of our common stock on The NASDAQ National Market on such date) and multiplying by the number of shares underlying the options.

Employment Contracts, Termination of Employment and Change in Control Arrangements

We have a termination of employment and change in control arrangement in place with Joseph F. Pinkerton, III. Mr. Pinkerton will receive six months of severance pay if he is terminated without cause, which would result in a severance payment of \$137,500 based on Mr. Pinkerton's current salary. Additionally, if after six months of an inability to perform his duties due to a permanent disability Mr. Pinkerton is terminated, he will receive three months of severance pay, which would result in a severance payment of \$68,750 based on Mr. Pinkerton's current salary. As of December 31, 2004, we had an agreement in place with David S. Gino in the event of a change in corporate control; however, Mr. Gino resigned as our Chief Operating Officer and Chief Financial Officer effective upon our completion of certain financial reporting events, including the filing of our Annual Report on Form 10-K. In January 2005, we also entered into an agreement with Mr. Gino that set the period for him to exercise certain stock options to be through January 30, 2006. In exchange for this, Mr. Gino agreed to continue his service to us through certain financial reporting events, including the filing of our Annual Report on Form 10-K.

Our 2000 Stock Incentive Plan, which governs the options granted to the named executive officers, includes the following change in control provisions, which may result in the accelerated vesting of outstanding option grants and stock issuances:

- In the event that we are acquired by merger or asset sale or board-approved sale by the stockholders of more than 50% of our outstanding voting stock, each outstanding option under the discretionary option grant program which is not to be assumed by the successor corporation or otherwise continued in effect will immediately become exercisable for all the option shares, and all outstanding unvested shares will immediately vest, except to the extent our repurchase rights with respect to those shares are to be assigned to the successor corporation or otherwise continued in effect.
- The compensation committee will have complete discretion to grant one or more options that will become exercisable for all the option shares in the event those options are assumed in the acquisition and the optionee's service with us, or the acquiring entity, is subsequently involuntarily terminated. The vesting of any outstanding shares under our 2000 plan may be accelerated upon similar terms and conditions.

- The compensation committee may grant options and structure repurchase rights so that the shares subject to those options or repurchase rights will immediately vest in connection with a hostile take-over effected through a successful tender offer for more than 50% of our outstanding voting stock or a change in the majority of our board through one or more contested elections. Such accelerated vesting may occur either at the time of such transaction or upon the subsequent termination of the optionee's services.
- The options currently outstanding under our 1993 Stock Option/Stock Issuance Plan, which was succeeded by the 2000 plan, will immediately vest in the event we are acquired by merger or asset sale, unless those options are assumed by the acquiring entity or our repurchase rights with respect to any unvested shares subject to those options are assigned to such entity. If the options are so assumed by the acquiring entity and our repurchase rights are so assigned to such entity, then no accelerated vesting will occur at the time of the acquisition but the options will accelerate and vest in full upon an involuntary termination of the optionee's employment within 18 months following the acquisition.

Compensation Committee Interlocks and Insider Participation

None of our executive officers serves as a member of the board of directors or compensation committee of any entity that has one or more of its executive officers serving as a member of our board of directors or compensation committee. Our compensation committee currently consists of Messrs. Rock and Scott, neither of whom currently serves or has previously served as an officer or employee of Active Power.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

It is the duty of the Compensation Committee to review and determine the salaries and bonuses of executive officers of Active Power, including the Chief Executive Officer, and to establish the general compensation policies for such individuals. The compensation committee also has the sole and exclusive authority to make discretionary option grants to executive officers under our 2000 Stock Incentive Plan.

The Compensation Committee believes that the compensation programs for the company's executive officers should reflect Active Power's performance and the value created for Active Power's stockholders. In addition, the compensation programs should support the short-term and long-term strategic goals and values of the company and should reward individual contribution to Active Power's success. Active Power is engaged in a very competitive industry, and the company's success depends upon its ability to attract and retain qualified executives through the competitive compensation packages it offers to such individuals.

General compensation policy. The Compensation Committee's policy is to provide the company's executive officers with compensation opportunities which are based upon their personal performance, the financial performance of the company and their contribution to that performance and which are competitive enough to attract and retain highly skilled individuals. Each executive officer's compensation package is comprised of three elements: (i) base salary that is competitive with the market and reflects individual performance; (ii) annual variable performance awards payable in cash and tied to the company's achievement of annual financial, strategic and operational objectives in addition to individual contributions to these objectives; and (iii) long-term stock-based incentive awards designed to strengthen the mutual interest of Active Power's executive officers and its stockholders. As an officer's level of responsibility increases, a greater proportion of his or her total compensation will be dependent upon the company's financial performance and stock price appreciation rather than base salary.

Factors. The principal factors that were taken into account in establishing each executive officer's compensation package for 2004 are described below. However, the Compensation Committee may in its discretion apply entirely different factors, such as different measures of financial performance, for future years.

Base salary. In setting base salaries, the Compensation Committee reviewed published compensation survey data for its industry. The base salary for each officer reflects the salary levels for comparable positions in the published surveys and the comparative group of companies, as well as the individual's personal performance and internal alignment considerations. The relative weight given to each factor varies with each individual in the sole discretion of the Compensation Committee. Each executive officer's base salary is adjusted each year on the basis of (i) the Compensation Committee's evaluation of the officer's personal performance for the year; (ii) the competitive marketplace for persons in comparable positions; and (iii) Active Power's annual performance versus the objectives set forth at the beginning of the year.

Annual incentives. In setting variable compensation payment amounts to executive officers, the Compensation Committee looks to external market data to assemble competitive variable compensation levels in competitive companies and markets. The committee further established objective criteria for each executive officer and measured performance against these criteria. Based on the foregoing factors and the company's performance in 2004, variable compensation was awarded to our executive officers named in the Summary Compensation Table in the indicated amounts.

Long-term incentives. Generally, stock option grants are made annually by the Compensation Committee to each of the company's executive officers. Each grant is designed to align the interests of the executive officer with those of the stockholders and provide each individual with a significant incentive to manage Active Power from the perspective of an owner with an equity stake in the business. Each grant allows the officer to acquire shares of the company's common stock at a fixed price per share (typically, the market price on the grant date) over a specified period of time (up to ten years). Each option becomes exercisable in a series of installments over a four-year period, contingent upon the officer's continued employment with Active Power. Accordingly, the option will provide a return to the executive officer only if he or she remains employed by the company during the vesting period, and then only if the market price of the shares appreciates over the option term.

The size of the option grant to each executive officer is set by the Compensation Committee at a level that is intended to create a meaningful opportunity for stock ownership based upon the individual's current position with the company, the individual's personal performance in recent periods and his or her potential for future responsibility and

promotion over the option term. The Compensation Committee also takes into account the number of unvested options held by the executive officer in order to maintain an appropriate level of equity incentive for that individual. The relevant weight given to each of these factors varies from individual to individual. The Compensation Committee has established certain guidelines with respect to the option grants made to the executive officers, but has the flexibility to make adjustments to those guidelines at its discretion.

CEO compensation. In setting the total compensation payable to our Chief Executive Officer, Joseph F. Pinkerton III, in 2004, the Compensation Committee has taken into consideration Mr. Pinkerton's prior accomplishments and strategic leadership in our industry and also sought to make that compensation competitive with the compensation paid to the chief executive officers of comparable companies. Additionally, the Compensation Committee looks at Active Power's performance and stock price appreciation for a significant percentage of his total compensation.

Employee stock purchase plan. We maintain an employee stock purchase plan that qualifies under Section 423 of the Internal Revenue Code and permits substantially all of our U.S. employees to purchase shares of our common stock. Participating employees may purchase our common stock at a purchase price equal to 85% of the lower of the fair market value of our common stock at the beginning of an offering period or on the exercise date. Employees may designate up to 15% of their base compensation for the purchase of our common stock under this plan. Active Power' executive officers are eligible to participate in this program, subject to any applicable tax laws. Effective February 1, 2005, our Board of Directors amended our employee stock purchase plan to (i) reduce our current two year offering period to one year; (ii) reduce the maximum number of shares any individual participant may purchase in any semi-annual purchase period from 5,400 share to 4,000 shares; and (iii) reduce the maximum dollar amount of shares any individual participant may purchase during any calendar year from \$25,000 to \$20,000. These amendments were made to make the terms of our employee stock purchase plan consistent with those of plans offered by comparable companies, reduce the dilutive effect of this plan to our stockholders and mitigate the effect of non-cash charges to our income statement.

Retirement plans. We maintain a plan that complies with the provisions of Section 401(k) of the Internal Revenue Code. Substantially all U.S. employees are eligible to participate in this plan, and eligibility for participation commences upon hiring. We also maintain retirement plans for certain non-U.S. employees. Obligations under these plans are determined in accordance with local regulations and customs. Active Power's executive officers are eligible to participate in this program, subject to any applicable tax laws.

Compliance with internal revenue code section 162(m). Section 162(m) of the Internal Revenue Code disallows a tax deduction to publicly held companies for compensation paid to certain of their executive officers, to the extent that compensation exceeds \$1 million per covered officer in any fiscal year. The limitation applies only to compensation that is not considered to be performance-based. Active Power' 2000 Stock Incentive Plan has been structured so that any compensation deemed paid in connection with the exercise of option grants made under that plan with an exercise price equal to the fair market value of the option shares on the grant date will qualify as performance-based compensation which will not be subject to the \$1 million limitation. Cash and other non-performance based compensation paid to Active Power' executive officers for fiscal 2004 did not exceed the \$1 million limit per officer, and the Compensation Committee does not anticipate that the non-performance based compensation to be paid to the company's executive officers will exceed that limit. Because it is unlikely that the cash compensation payable to any of the company's executive officers in the foreseeable future will approach the \$1 million limit, the Compensation Committee has decided at this time not to take any action to limit or restructure the elements of cash compensation payable to the company's executive officers. The Compensation Committee will reconsider this decision should the individual cash compensation of any executive officer ever approach the \$1 million level.

It is the opinion of the Compensation Committee that the executive compensation policies and plans provide the necessary total remuneration program to properly align the company's performance and the interests of the company's stockholders through the use of competitive and equitable executive compensation in a balanced and reasonable manner, for both the short and long-term.

Submitted by the Compensation Committee of the Board of Directors:
